

# SafeTEU

## SECURE

Secure your containers and vehicles against theft and pilferage

High Security  
ISO-17712  
certified bolt seal

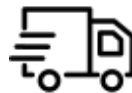

Double-lock  
mechanism

Patented seals

Traceability for  
better claims  
management

Faster container  
processing and  
clearance

GPS based  
validation at  
scanning points

---

## What it does:

- Secures your cargo with an ISO-17712 certified bolt electronic seal (e-seal) that talks to a cloud based software
- Helps in conclusively identifying whether the container was tampered or not
- Provides visual proof of sealing throughout the journey to assist in claims management
- Helps in checking the integrity of containers at various points
- Digitises operations by capturing additional information such as key documents that can be uploaded directly to the cloud
- Has adherence to India Board of Indirect Tax and Customs regulations
- Has extensive coverage with readers installed in more than 80 ports and ICDs in India
